

Summer Tundra Buggy[®] Day Tours are one of the best ways to experience the magnificent ecosystems surrounding Churchill. With special permits to access the trail network in the Churchill Wildlife Management Area we'll take you out onto the tundra and provide expert interpretation about the colourful flora, amazing fauna and the incredible history of this unique sub-arctic environment. This adventure offers the opportunity to explore the summer scenery and see up-close the multitude of blooms found on the tundra. Scan the wide open landscape in search of arctic fox, arctic hare, caribou and the first of the summer polar bears! Churchill is also an incredible destination for bird lovers, with over 200 different species migrating through the area each summer.

Guests will be picked up at **Fifty Eight North** and transferred to the Tundra Buggy Launch area where we will board a Tundra Buggy for a 6-hour excursion. A light meal and refreshments will be provided. At the end of the tour guests will be transferred back to Churchill and dropped off at Fifty Eight North - Home of the Tundra Buggy.
