

# TUNDRA BUGGY® AUTUMN DAY TOURS

An Autumn Tundra Buggy Day Tour is the best and safest way to view polar bears in their natural environment. Other wildlife you may spot includes arctic hare, fox, gyrfalcon, snowy owl and ptarmigan.

This excursion includes expert interpretation about wildlife and the subarctic ecosystems in the Churchill Wildlife Management Area. You will have the opportunity to explore the open tundra while your Tundra Buggy Driver discusses the effects of tides, currents and ice formation on the polar bear.

Check-in for Tundra Buggy Day Tours will begin at 7:15 a.m. at Fifty Eight North - Home of the Tundra Buggy, located at 124 Kelsey Boulevard. Please arrive no later than 7:45 a.m. At 8 a.m. you will be transferred to the Tundra Buggy Dock, where you will board a Tundra Buggy for a full-day excursion. A light meal and refreshments will be provided. You will be transferred back to Fifty Eight North at the end of your tour, around 5 p.m.
